

FOR CONGRESS IN THE ELEVENTH

JUDGE L. W. BETHURUM.

(From Louisville Herald)

Politics is warming up in the mountains. Considerable interest is being manifested by republicans toward the Eleventh District congressional race. Up until yesterday names mentioned in connection with the honor were those of Caleb Powers, the incumbent, of Barboursville, and Don C. Edwards, of London.

It develops that the contest is likely to be a three-cornered affair and that L. W. Bethurum, of Mt. Vernon, Rockcastle County, will have to be reckoned with in the August primaries. Mr. Bethurum it will be remembered, was Republican candidate for Auditor in

the recent State election.

SITUATION MUDDLED.

The situation at present in the Eleventh District is somewhat muddled, owing to the keen rivalry between friends of Caleb Powers and Don C. Edwards. Mr. Powers is understood to be a supporter of President Taft although what work he did in behalf of the President prior to the State convention was kept pretty much under cover, according to the view taken by Senator Bradley. It is doubtful, therefore, if Powers would be accorded the united support of the Taft faction, notwithstanding he has a strong

personal following and would make a good showing in the primaries in the event President Taft is re-nominated.

On the other hand Mr. Edwards is an out-and-out Roosevelt man and should the Colonel capture the nomination at Chicago he would in all likelihood, make a runaway race in the primaries.

Now that there is talk of a compromise candidate for President the question is raised as to whether it would not be a good plan to nominate a "compromise" man to make the congressional race. Friends of L. W. Bethurum say he is the logical man to be nominated if circumstances shape themselves as herein outlined.

REDUCED HELM MAJORITIES.

Mr. Bethurum, prior to the perpetrating of the congressional district gerrymander by the last Legislature, resided in the Eighth Congressional District. Under the provisions of the Pritchard act his county Rockcastle, was dumped into the Eleventh.

While in the Eighth District, Mr. Bethurum twice made the race for Congress against Harvey Helm, the Democratic incumbent, and both times succeeded in pulling down the latter's majorities.

Mr. Bethurum is one of the best known Republicans in Kentucky. He was named delegate to the national convention from the Eighth District before the transfer of his county to the Eleventh District was recognized by the State Central Committee. He served one term as a member of the latter body with distinction to himself and aid to the party.

According to Mr. Bethurum's friends the warm reception tendered him by the political powers of the Eleventh District augur well for his future fortunes. Mr. Bethurum visited the city yesterday and while admitting that he had been urged to make the race for congress did not commit himself concerning his plans for the future.

LIVINGSTON.

Mrs. W. H. Cottongim was at Pine Hill Monday visiting relatives—Joe O'mary has purchased a house and lot from Hugh Jenkins on Main St. Price paid \$450.00. O'mary has moved his family there and Jenkins has moved to One of H. W. Bowmans houses—A. H. Hamlin, of Maretburg, was here Sunday.—Dan Ponder has his house almost completed.

Mrs. Sue Mullins is giving her property on Main St., a coat of paint.—W. H. Ponder who has a severe attack of typhoid fever is some better.—Uncle George Pope remains about the same. We would be glad to see him out again.—Sam Stallsworth, of South Louisville, was in our town Wednesday.—Lots of the farmers in this part are not done planting corn yet, owing to so much rain.—Rice Walton left for Barboursville Sunday.—Mrs. Emma Jones and little granddaughter, Ollie, are in Stanford visiting Mrs. F. Dishon.—L. G. Fallin was in Mt. Vernon Saturday.—Atty. J. W. Brown, of Mt. Vernon, was in our town Friday.

—Mrs. Kitty Woods, who has been making her home at Richmond, is here visiting relatives.—C. C. Howell was in Brodhead Sunday visiting homefolks.—Mrs. C. H. Blaaford is visiting relatives at Parksville this week.—Mrs. David Lindsay is visiting relatives at Cave City for a few days.

Mr. and Mrs. George Shehan who have been in Va. for some time have returned and moved to the old mine camps.—Harry Gehring has returned from Lebanon and moved his family into the house vacated by Mrs. Maggie Martin, in the upper end of town.—Dock Jones is selling out his property with the intention of moving to or near Level Green.—Mr. and Mrs. Jerry Sams, of Hazel Patch, were

visiting Mr. and Mrs. W. M. Warren Sunday.—There were several hands come from Ford to this place Sunday and now the saw mill, of the Livingston Lumber Co., will start again.—Well as time flies politics get hotter and the republicans in this part are undecided what to do one of them will tell you that Ted is the man and the next will say that Taft is the one and here it goes. But there is one thing sure, we dems would never have known that there was such crookedness in the Republican party if Ted and Taft had not got crossed at each other. Just wait boys until the fix gets to a fever heat and they will tell the whole six yards. Now we democrats don't want to follow their example and have a family row. No, we want to go quietly on and nominate the Hon. Champ Clark as our standard bearer and on the election day in November all march to the polls and elect him to the highest office in the gift of the people.

Messes H. Witt and A. C. Carpenter have installed a boiler and engine and other machinery at the mouth of Roundstone creek to pull ties out of the river. This is something that has been needed for some time at that place for thousands of ties that are rafted come there and it is quite a difficult matter to get them out, but those two gentlemen have solved the problem.—The Town Board has posted notices to the tax payers and the last clause of the notice read thus "And all pull together for a cleaner and better town" this is advice we should all take. We at one time had a tough town and its name was scatteredd broadcast but thanks to the stars and stripes we are out of the ruts again. The Dram shops have ceased to exist and hence lawlessness has about expired, loafers are getting scarce, we only have a few now and we think their aim is to make stout old men.—Mr. J. H. Owens is very sick at this writing.—Dr. W. T. Amyx was in London Saturday.—Mrs. Annie Newland and Mrs. Mary Strawn, of Stanford have been visiting Mrs. George Pope for a few days.—John R. Carter, of Lebanon Jet was in our town Monday.—Mrs. Mary Phillips is visiting in London this week.—Little Leila Jeffey, of Pittsburg, is visiting her aunt, Mrs. Maggie Martin this week.—Mrs. W. M. Quinn is visiting relatives at Corbin.—Mrs. Allen Mounce has returned from a visit to Elmwood Ohio.—George Doss after a few years absence has returned and is running a section at Pittsburg.—Mrs. Ed Woodall is visiting Mrs. C. E. Rice.—Well from what we can gather there will be great work at Pine Hill in the near future. We are truly glad and would be glad for something like this to start up in our own little burg but it looks like fate has decreed against us. We are only eleven miles from Mt. Vernon and have done all we could to get out of the rut. We believe now that something should be done for our town. We have furnished our quota of fines and all we have asked for is a bridge across Rockcastle river and we believe that justice demands that we should have one, we don't believe in kicking up a racket neither do we believe in putting all the improvements in one place. Give us a bridge or lone end of the pike and we will be satisfied and if we don't get either we will still be found contending for our rights. So whack up boys tote fare and we will ride to Mt. Vernon over a pike and then we will call this a fare deal.—Bernard Hagan still makes his weekly visits to Rowland. Some attraction down there guess we will investigate.—Will Krueger is preparing his property that he purchased from A. H. Hamlin.—Miss Lucinda Hellard is the new hellow girl at the exchange.—Mrs. Robert Matingly of Paris has returned home after a few days visit with her sister, Mrs. Robt. McClure.—John Clark was in Mt. Vernon Monday.—J. M. Fourie took three horses to Lon-

don as court is going on there and Mat went to sell or trade. He is blind but fool him if you can.—E. L. Cockerell has received a large shipment of show cases and has them up. To visit his store you are reminded of the wholesale stores in Louisville.

ESCAPES AN AWFUL FATE.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough, she writes. 'Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now.' Quick and safe, its the most reliable of all throat and lung medicines. Every bottle guaranteed. 50c and \$1.00. Trial bottle free at Chas. C. Davis'.

We are having plenty of rain in this part of the county and farmers are getting behind with their work.—About one fourth of the farmers are done planting corn and of the remainder some have begun to plow and some are trying to get their new grounds burned off. Wm. Niceley is the foremost of them all. He is done planting and has corn large enough to go to plowing Monday.—Harris Norton and Miss Jane Hibbard were united in the Holy bonds of matrimony Thursday evening. P. Bullock officiating.

Mrs. Betsy Cromer, age 78, died Sunday and was buried in the Walnut Grove burial ground. She leaves one son, W. B. Cromer, and two daughters, Mrs. Sidney Mink, and Mrs. Jane Sexton, to mourn the loss of their departed mother.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by Chas. C. Davis.

INDUSTRIAL

OPPORTUNITIES.

A large cement plant is to be built in Rockcastle county which when completed, will employ 600 to 700 men in making cement and mining coal.

The president of the corporation which is behind the enterprise says his company has built five cement plants in the United States and he is more enthusiastic over the prospect in Rockcastle county than he has been in any former proposition. Nature, he says has provided in Rockcastle county all the materials, including the fuel, for the manufacture of the highest grade of Portland cement, a condition which does not exist at any other plant in the United States. On the strength of these advantages the company is investing a million dollars in the undertaking.

Kentucky is a State of varied mineral resources and with its two great coal fields should present strong inducement for the investment of capital. Cheap fuel is a factor of great importance in the success of industrial projects and in Kentucky it may be had in quantities practically inexhaustible. The county of Rockcastle is but one of many counties where there is a big field for mineral development. Material for the making of first-class cement is abundant in many localities in the State and in frequent cases the fuel supply is right at hand as in the case in Rockcastle, where a mountain of coal is ranged alongside a mountain of cement material, thus making possible the development of two important industries at one time and by one organization. In a State so favorably located and endowed for manufacturing purposes there should be rapid industrial progress now that new railroads are being constructed and are offering new opportunities for the investment of money by men of means and enterprise.—Courier-Journal.

LEBANON JUNCTION.

John D. Miller paid Mt. Vernon a flying trip Tuesday.—Engineer Ghering, who is one of the helping engineers between Livingston and Cozatts has moved his family to Livingston.—L. G. Falin, of the dispatchers office of the L. & N. at Livingston, was in our town Tuesday a.m.—Mr. Falin, we are informed is learning the road to become a train dispatcher. Here's to you Geter.—The old passenger depot which the people of Stanford looked upon as being an eye-sore to that city for so long, after being torn down and replaced by an up-to-date one, was moved to this place, rebuilt and will be used for a supply house for Main Line and Lebanon Branch.—Mr. Noah Smith, who lived in this place for a long time and who owns several houses here now, has moved with his family to Louisville. Engineer Magruder bought the property Mr. Smith vacated. Mr. Smith goes to his new home with our best wishes. He will be missed from among us, especially in church and Sunday-school circles.—Mr. and Mrs. Casper Adams, of Illinois, were here first of week the guests of Mr. and Mrs. Fred Bishop. Mrs. Adams was formerly Miss Monta Martin, daughter of our old school teacher, S. H. Martin of Mt. Vernon. Mrs. Bishop was formerly Miss Myrtle Lee Adams, of Mt. Vernon.—G. W. Lewis, who for several years was in the dry goods and grocery business here sold his stock of groceries to Duvall & Lasley, a

new firm and moved his dry goods to Rowlett, Ky., taking a partnership with a Mr. Watkins. Mr. Lewis leaves many friends among the railroad boys here and we wish him success at his new place of business.—The graded school at this place came to a close last Friday and on Sunday night Rev. Rowe, of Shepherdsville, pastor of the Methodist church here preached the commencement sermon from the text: "But seek ye first the kingdom of God and his righteousness and all these things shall be added unto you."—Matthew 6: 34. Owing to being a larger building the Baptist church was used. The audience was large and the sermon a deep one, the minister dwelling at length upon character building. There were no other services held in town, but all met at the Baptist church where for a time religious differences were forgotten and Presbyterians, Methodists, Deacons, Baptists, Catholics and Lutherans met and worshipped together.—On Monday night the pupils gave an entertainment in the "New Masonic" which was the finest thing of the kind ever held in Lebanon Junction. The house was more than crowded and members could not even find standing room. Each pupil did his or her best and but few, if any, noticeable mistakes were made. On Tuesday night, the exercises closed with a drill participated in by the sixteen graduates. A tableau by the ten female graduates, representing the "Ten Virgins," also some other selections. Prof. Kenneman, of Bowling Green, Ky., Dean of the Western Normal School, of that place, delivered the graduating address and Rev. Rowe presented the diplomas with a fitting speech. C. W. Campbell, professor of the school then announced that more than the required number of the graded school graduates had been furnished to comply with the law and that the vote cast and carried that Lebanon Junction would secure a high school and work would begin at once to enlarge their already very commodious buildings also that he had been unanimously elected principal or president of the school. Much praise is due Prof. Campbell for the untiring pains he has taken with the graded school here for the past three years. His good work is felt and its efforts seen on every hand. Starting in he met with much opposition but now every patron and student of the school is only too glad to lend him a helping hand and eager to receive his instructions. Prof. Campbell is also a minister, pastor of the Christian church here, and is known to a great many in Rockcastle county, he having held several revivals there also, preached the dedication sermon of the new Buckeye Christian church and was pastor of Brodhead church for some time.

In yesterday's Courier-Journal your Marse Henri Watterson, on the editorial page, pays his respects to those whom he seems pleased to denigrate the Ishmaelites and illiterates of the country press, and on another page of the same issue of his paper prints a collection of remarks emanating from the rural roosters whose tenor and general tone is anything but complimentary to him. Looking disinterestedly and casually at yesterday's Courier Journal, we could not help being reminded of a flock of martins darting viciously at a hawk, with just about the same effect.—Danville Advocate. Yes but it appears those same birds have about stripped most of the feathers from the old hawk but his hide is too tough to be easily pierced by the well directed thrusts from the beaks of the martins, of the country press.

The Home Economic Club will hold its regular meeting at Langdon Dormitory Saturday May 18, at 2:30 p. m. The demonstration will consist in the preparation and serving of vegetables by Miss Oskamp and her assistants. The President requests that the members return the government bulletins, and receive others that she has for distribution.

The new hotel is the warm question now. While it has been fully determined that the building will be erected, the lot on which it is to be placed has not been decided upon on account of failure of interested parties to agree on prices; there being a difference of \$500 on price offered and asked on lot where Miller House was burned. There are three lots under consideration.

"PERFECTION BOYS CLOTHES IS SO GOOD THAT THEM WHO DON'T BUY EM STEAL EM - THEY GOT MINE" - PETE

When we were boys, mother would cut down dad's old suits to fit us.

Today this is false economy, for you can buy *Perfection* Suits so reasonable and so good that it would not pay to bother making your boy's clothes at home.

Come in with your boy and see the Spring Clothes we are showing.

Don't buy the unnamed kind - ask for *Perfection*.

No others just as good.

HOOK WORM:—S. C. Franklin, the watch inspector, has returned from Bertha, where he met Dr. M. Pennington from whom he secured specimens of the much talked of hook worm which the doctor had battled in his big practice in this particular disease. Mr. Franklin talked with quite a number of recovered patients while at Bertha who are loud in their praise of Dr. Pennington's skill. Mr. Franklin left a specimen bottle at our local telephone exchange where it can be seen by those interested.

The Welch Marrow School will hold its closing exercises, in the Presbyterian church, on Tuesday, evening May 21st, at which time Common School diplomas will be publicly awarded, to those students of the school, who passed with credit, before the county Board of Examiners, the examination prescribed by the State for graduation.

It is the intention of Welch Marrow School to admit to its high school department, no student who has not stood a like examination before the County Board.

Our graduates who are to be awarded these diplomas, on next Wednesday evening are:

Miss Katherine Price, Miss Agnes Eberhart and Mr. Ralph Griffin. The grades of all these are very high, the lowest being far beyond the grade required, thus calling forth the praise of the examiners, but to Miss Price belongs the honor of the highest grade. The Public is cordially invited, to attend the closing exercises of the school. Beside the class other students will take part.

Ida Mae Adams, Principal.

Our splendid foreman Mr. James Pinkerton stole away Monday evening accompanied by a minister and two or three friends, to the home of Mr. John Baker on the east side where dwelt a modest maid of 17 years and in the quite of the evening surrounded by only the family and these few friends, Rev. T. C. Duke, said the word which made him and Miss Annie Baker man and wife. Mr. Pinkerton has been at the head of the mechanical department of this office since last October and has proven himself a most proficient and reliable man and although a total stranger has made many friends in the town.

Every little town, and big ones also, have their trials and tribulations, generally on account of all the citizens not seeing thru the same spectacles. Mt. Vernon has had its dose in way of a heavy jolt to progress in last fifteen months, now comes Brodhead to the front with a "wow and wumpus" over sidewalks etc. The little town mentioned should take warning from others that have played with the fire of misunderstanding and differences and to make some kind of compromise which is much better than the beginning and continuing of a useless warfare.

The Miller House shade trees were chopped down this week and cut up into cord wood. They were ruined by the late fire. These trees were planted by M. P. Newcomb nearly half a century ago.

The Cincinnati Times-Star pays the following tribute to Judge R. G. Williams, for the splendid manner in which he has conducted the office, of prosecuting attorney of the Kenton district: "Commonwealth's Attorney Richard G. Williams, since the session of the recent grand jury, has set a record for securing convictions in criminal cases which has never been equaled in Kenton county. In all, fifty cases from indictments returned have been prosecuted by Mr. Williams and in each case he has secured a conviction. The only other case, that of George Woltenberg, charged with robbery, resulted in a hung jury and a new trial will be forthcoming. This record is considered remarkable, as the State makes no provision for securing evidence in these cases. The grand jury report contained a recommendation that members of the Legislature from Kenton county do all in their power to secure a State appropriation for the employment of a detective to aid the Commonwealth's attorney, but no action was ever taken in the matter". The above was followed by a list of 23 convictions secured in such cases since Feb.
